The Bank of New Hanover has made its first semi-annual statement. The exhibit is a very flattering one, and speaks volumes for the financial ability with which the affairs of the Bank have been managed. The loans and discounts amount to \$74,000.00, and the individual deposits to \$24,222.75. We understand that the earnings of the Bank are at the rate of over 9 per cent on the stock.

**THE NEW \$1,000 GREENBACKS.**—The following is a description of the new issue of \$1,000 greenbacks: On the upper left corner, the right side, is a portrait of Columbus, seated at a desk covered with manuscript, an hour-glass, at his feet are maps, a globe and a magnifying glass. Above the portrait, the words "ONE THOUSAND DOLLARS" are written in large letters. On the right side of the vignette is "The United States" and on the left "States to be held." The upper right corner, "1,000." Beneath is the large red seal of the Treasury. The note is printed on fine paper, and looks as if shreds of silk were scattered on the plate.

**RIOT IN FAYETTEVILLE.**—Advices from Fayetteville by the boats Tuesday night give us information of quite a riot on the part of the Radicals, which occurred there about 12 o'clock Monday night last. This was the scene of the Caldwell Jollification demonstration. There was quite a large procession, there being about a thousand negroes from the country in town for the occasion. In moving through the streets, the processionists became quite excited by bad whiskey, and as a consequence were violently intoxicated. They amused themselves by passing through the streets by throwing stones into the windows of citizens. This was kept up without check until they were in the neighborhood of what is known as the "half-way bridge," when a citizen becoming exasperated by reason of stones thrown into his house, went to his front door and fired into the crowd.

This was the signal for a general lawlessness on the part of the shrieking, drunken rabble, who had already made the night hideous by their yells and deprecations. They returned the fire and continued in violent disorder for some time. During the riot, a white man by the name of Black had his head cut open with a stove; another white man was shot in the leg, and Mr. Powell had his shoe torn off by a pistol ball. There were but few white citizens out at that hour, but these few in defending and several negroes were wounded. No one, however, was killed. But for the late hour and the fact that most of the white citizens retired, the bloodshed would have been much greater.

Before the riot terminated, the negroes tore down the fences around the residences of Dr. S. H. Hinsdale and Major J. C. McLean, which were near the scene of the outbreak. That same night they went to the stables of Capt. W. C. Troy, the Senator from Cumberland and Harrell, took his horses out and were about to burn the stables, but were persuaded from accomplishing their design by Mr. John Reilly, the Radical Auditor elect.

When our informant left Fayetteville (early the next morning) the negroes were going about the streets with clubs in their hands. No trouble was apprehended, and it is anticipated that it will end peacefully to the rioters if the citizens are once thoroughly aroused.

**COUNTY COMMISSIONERS.**—The Board met on adjournment yesterday.  
Bond of the Sheriff was presented, but as the tax books are not ready for delivery, the matter was permitted to lie over till first Monday in September, or in the meantime the Chairman may call a meeting to take the bond under consideration.

Mrs. Elizabeth Pails, of Harriet township, on petition, was allowed \$6 per month for her support.  
Mrs. Wm. T. Rackley, and Mrs. Elizabeth Wilson, of Caswell township, were allowed \$4 per month, each.

John D. Doscher was granted license to retail spirituous liquors in the city of Wilmington at the earliest possible date.  
Adjourned subject to call of Chairman.

During the absence of the Chairman, Mr. Martin, Commissioner Shaeffer was appointed to act as Chairman, pro tem.

**A Lecturer who Doesn't Mind About any Audience.**  
The Oneida Circular tells of an old gentleman, whose name we do not recognize in the catalogue published by the lecture bureau, but who depends on lecturing for a living beyond any other man we are in trust for him, but knowing him to be peculiar and likely to spend it all, her will for every lecture he should deliver. And so he lectures morning, noon and night, and on opportunity offers, or a little audience of children or adults, as can be gathered, if he is only a complaint family group around a breakfast table.

A Maine paper reports that a cheese factory down East, is doing quite a "smart" business. This will be good news to those who like smart cheese.

**A Southern Fish Story.**  
We learn from a Southern paper and that, there was a colored seaman, living near Panama, Miss., who treated religion with more levity than solemnity, and who went fishing on Sunday. Being remonstrated with some weeks ago, he replied irreverently that he would do so the next Sunday morning before God got up, and catch a nice string of fish. Acting accordingly, on the following Sunday morning he repaired to the banks of the Tallahatchee river very early, and threw his baited hook and line into the river. A Scarce, he was not long in catching a violent tugging at his hook, and a counter pull from the shore brought to the surface a huge catfish, which found voice to say: "You shall fill God's eye," and then disappeared. Since that time all efforts to drag the unfortunate fisherman from the bank of the river have proved unavailing. It is evident that he labors under a strange hallucination, but he insists it is the judgment of the Almighty, and that he must have received absolution from his offended Maker.

Some ladies and gentlemen were taking a walk near a cemetery when a ghost appeared. They all ran with the exception of one pretty widow who stood her ground. She then went to her husband's tomb, and for the spectre, and thrashed out of disguise a young fellow who merely wanted to frighten her. Leading her victim back to the house, he said to her, "Can't fool me—I have seen too many men in sheets, in my time!"
